

EDUCATION

2026 · Bachelor's Degree (L3)
Computer Science, Electronics and Telecommunications
GSI International, Tamatave

August 2024 · Baccalauréat, Series D
Lycée ARCADE, Antananarivo

SKILLS

Front-end
HTML, CSS, JavaScript, React, React Native
Back-end
Node.js, Spring Boot, Java, Python, REST API, JWT
Data
PostgreSQL, MySQL
Tools
Git and GitHub, VS Code, Ubuntu, Kali Linux
Electronics
Arduino, sensors, LCD screens, circuit assembly

LANGUAGES

- French: intermediate
- English: intermediate

STRENGTHS

- Autonomy and meeting deadlines
- Remote communication
- Team spirit
- Video editing

INTERESTS

- Coding
- Dance
- Video editing

WEB & MOBILE DEVELOPER

RAZANADRAKOTO DINA JACKINA

Spring Boot · React · PostgreSQL · React Native

GitHub: github.com/jackina835-uxet · Portfolio: jackina835-ux.github.io/me

PROFILE

Third-year student in Computer Science, Electronics and Telecommunications, I design complete web applications: React interfaces, Spring Boot REST APIs and PostgreSQL databases. I also program embedded systems with Arduino and do video editing.

PROFESSIONAL EXPERIENCE

2026 — **Intern · SPATS**
- 9 September – 27 November 2026 (expected end date)

2026 — **Content Designer · Co-Rompre Project**
- Managing the project's Facebook page
- Creating the project's software and websites

2024–2026 — **Video Editor and Assistant · FM Studio**
- Video editing
- Support on client projects

2024–2026 — **Ticketing Agent · Magic Land**
- Welcoming visitors and managing ticketing

2025–2026 — **Regional Secretary · Evangelical Dance Group**
- Organizing and following up on the group's activities

PROJECTS

Project and Task Management Platform — Spring Boot · React · PostgreSQL · JWT
Drag-and-drop Kanban board, progress dashboard, three roles and a secured REST API.

Co-Rompre Project Website — Web
Design and development of the project's presentation website.

Data Management Software — Management
Data management solution developed as part of my projects.

Event Management Application — Python
Python application for organizing and tracking activities.

LCD Display System with Arduino — Arduino
Programming and wiring of a circuit with an LCD screen.

CERTIFICATES, AWARDS & ACTIVITIES

Business Communications Certificate · HP LIFE

French-Language Public Speaking Competition · Third Place
"Malagasy Youth Against Corruption" · BIANCO · Toamasina, 12 Nov. 2026
Supported by the OIF and the Swiss Confederation.

Job Shadowing in Mauritius · 28 Oct. – 1 Nov. 2026
Visits to MCCI Business School and ATCOMM (telecommunications).
